auberge burgundy

Welcome to Frances at Auberge Burgundy, our little piece of Europe in Hermanus.
The restaurant is named after Professor Frances Gonin, a remarkable woman who used to live in the house that existed where the Auberge is now built. Professor Frances Gonin was a professor in French and was once upon a time the mayor of Hermanus, also remembered for walking around town barefoot with her terriers. The lane that runs alongside the Auberge was named after her family, Gonin Lane, so we saw it fit to name our restaurant after this French professor who left her mark on this town of ours.
