OUR SMOKEHOUSE STORY

Experience the essence of country life through our Smokehouse, where the art of Texas BBQ-style BIG MEAT slow-cooking is truly celebrated.

Our pit master employs a meticulous selection process that gives priority to the meat's heritage, texture, and taste, and then, in accordance with Texas tradition, dry rubs the meat and only adds sauce after every bite has been infused with the ideal amount of apple wood smoke, juice, and flavour for your ultimate enjoyment. Our meat master utilises the perfect combination of apple wood fires, blue smoke, and time to craft exceptional cuts of meat bursting with flavour to pair with our craft beers, locally sourced wines, hand-crafted gins, and assorted cocktails. Add the perfect country setting and the picture is complete.
